Ruud Pijnappel	Utrecht, The Netherlands Professor
Lucia H. Sanchez	Hospital Universitario Vinalopó, Alicante
Thiemo Van Nijnatten	GROW Research Institute for Oncology and Reproduction, Maastricht

INTRODUCTION

This hands-on course includes both theoretical interactive presentations, practical case review on dedicated mammography workstations and practical clinical implementation through live patient procedure monitoring in small groups. The Careggi University team built this course from their data base of over 9,500 cases, drawing on experience from publishing 2 books and over 20 peer-review publications.

LEARNING OBJECTIVES

- Acquire knowledge which allow to implement and improve the use of Contrast Enhanced Mammography (CEM) in clinical routine practice
- Understand the CEM lexicon and develop proficiency in report drafting
- Get a good understanding of when to use CEM imaging and CEM guided biopsy
- Improve diagnostic skill in Contrast Enhanced Mammography (CEM) through interactive case review, with expert tutors

DAILY PROGRAM

Friday June 13th

08.30 - 09.00	Opening Remarks and Course Presentation J. Nori Cucchiari; V. Miele; D. De Benedetto
09.00 - 09.30	Stripping the marble: from Anatomy to Pathology in Michelangelo's works of art D. Lippi

I Session - HIGHLIGHT

Moderation by: M. Calabrese

09.30 - 10.00	CEM and Overview	R. Pijnappel
10.00 - 10.30	Tips and Tricks	T. Van Nijnatten
10.30 - 11.00	CEM BI-RAD	J. Azcona Saenz
11.00 - 11.15	CEM & the green future of breast imaging	E. Giannotti
11.15 - 11.30	Coffee Break	

II Session - PRE-TREATMENT AND FOLLOW UP

11.30 - 11.50	Presurgical and B3 lesions	A. Kornecki
11.50 - 12.10	Follow up	L. H. Sanchez

III Session - INTERVENTIONAL IN CONTRAST MAMMOGRAPHY

12.10 - 12.30	CEM - guided biopsy on unit	A. Kornecki
12.30 - 12.50	CEM - guided biopsy on unit	M. Gill
12.50 - 13.10	CEM - guided biopsy by using the prone table	J. Nori Cucchiari
13.10 - 13.30	CEM - guided biopsy on unit	G. Scaperrotta
13.30 - 14.50	Light Lunch	

IV Session - CEM Case Reporting

14.50 - 18.30	CEM Case Reporting: 60 real-time CEM. Illustrating: execution technique, imaging interpretation, drafting report and management of additional findings Interactive practical exercises on workstations with clinical cases from real practice J. Nori Cucchiari; D. De Benedetto; TBD
----------------------	--

Abstract: attendees will be actively involved in interactive lessons with a dedicated tutor, showcasing the Florentine experience from real practice, analysing selected cases, taken from the extensive case history (9500 CEM cases)

18.30 - 19.00	Conclusions and Closing Remarks
----------------------	---------------------------------

Saturday June 14th

09.00 - 12.00	GROUP A Review and discussion of 8 selected CEM cases TBD
	GROUP B Review and discussion of 8 selected CEM cases TBD
	GROUP C Review and discussion of 8 selected CEM cases TBD
	GROUP D Review and discussion of 8 selected CEM cases TBD
